

## **EMERGENCY PROCEDURES FOR EPIC**

In the event of a fire or emergency, please dial 000 for Emergency Services and notify EPIC Management immediately on (02) 6205 5230 or 0466 419 099.

All individuals on-site are instructed to follow the directions of event personnel and/or designated fire wardens whilst heading to the nearest emergency exit in a calm and orderly fashion. Please see attached Evacuation Plan for locations of all emergency exits for the Budawang Pavilion and Conference Centre. Plans are also displayed throughout both buildings.

Trained personnel or wardens may use fire extinguishers only if it is deemed safe to do so.

## **FIRST AID AND MEDICAL EMERGENCY**

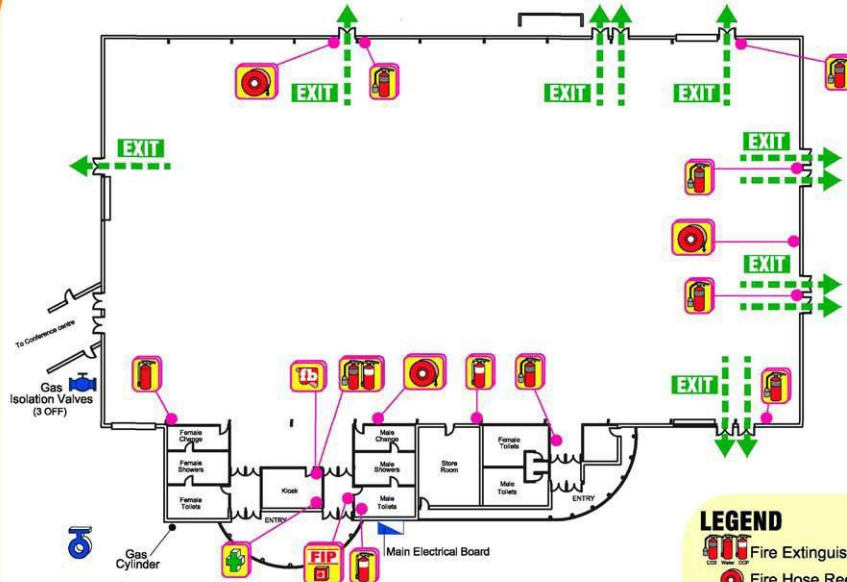

In the event of a medical emergency or incident, notify on-site event personnel or your First Aid Provider immediately, or dial 000 for Emergency Services.

All incidents and/or near misses must also be reported to EPIC Management on (02) 6205 5230 or 0466 419 099 and an incident report completed. This ensures the matter is dealt with appropriately and allows for tracking and rectification of hazards and common problems.

***Detailed below are the evacuation zones and their corresponding assembly areas. All Students and Exhibitors in the Budawang Building and the Conference Centre are to move directly to Zone A1, directly in front of the Budawang Building, unless advised otherwise by the warden.***

# EVACUATION PLAN

**EXHIBITION PARK - Flemington Road, Mitchell ACT 2911**
